Downtown Oshkosh Business Improvement District Boundaries

In general, the boundaries of the Downtown Oshkosh Business Improvement District are the Fox River on the south, Division St. on the west, Parkway Ave. on the north and Jefferson St./State St. on the east.

INTRODUCTION

In 1980, the Common Council adopted the Downtown Redevelopment Plan and Implementation Strategy. The Plan recommended increasing organizational efforts between the public and private sectors as well as establishing a voluntary special assessment district. A follow-up study, Planning Report - Central City Oshkosh, approved by the Common Council in 1987, expanded various elements of the previous plan and in particular recommended the creation of a management vehicle and funding base to serve the downtown area. The management tool recommended was a Business Improvement District.

The Downtown Oshkosh Business Improvement District (BID) is an essential entity to the Central Business District of Oshkosh. The BID, created in 1987, has maintained its initial premise to retain available free parking in the downtown, as well as proactively support revitalization efforts. Through the BID, property owners assess themselves to pay for activities to enhance and improve the downtown and to bring customers to the area.

The downtown continues to change as the mix of residential, commercial and professional occupants fill the district. The BID welcomes these changes as opportunities to continue economic development in our central city.

BID LAW

On April 6, 1984, the State of Wisconsin passed a law (Act 184), which allows for the creation of Business Improvement Districts. The law authorizes cities, villages and towns to create one or more business improvement districts to allow businesses within those districts to develop, manage, maintain and promote their districts and to establish an assessment method to fund these activities. A BID must be a geographic area within a municipality consisting of contiguous parcels that are subject to real estate taxes.

The formation of a Business Improvement District allows downtown business people, property owners, merchants, City officials and others to work together to determine what needs to be done to upgrade and strengthen the downtown and to pay the cost of those efforts, in whole or in part. It is a way for downtown stakeholders to decide what they want and to finance it.

A BID is the best available method for business people to organize, coordinate marketing and promotion efforts, provide management and maintenance programs and encourage business development. It affords property owners and business people a viable role in directing those affairs within the district. It also ensures that all beneficiaries of District programs participate in the funding of the programs.

Appendix C is a copy of the Wisconsin Statutes Section 66.1109, regarding business improvement districts.

Nonresidents of the City of Oshkosh are permitted as members of the Downtown Oshkosh Business Improvement District Board. Other membership requirements may apply per the "By-Laws of the Downtown Oshkosh Business Improvement District" (dated December 19, 1989, amended June 15, 2004, April 19, 2011, April 18, 2017 October 16, 2018 and March 19, 2019).

In addition, Board members represent different areas within the District, including large and small businesses. As a City entity, the Board will conduct its affairs under the open meetings law and public record requirements. The Director of Community Development or designee serves as the Secretary of the Board. Board meetings are held the third Tuesday of the month, starting at 8:00am, at Oshkosh City Hall or other venue within the BID. A roster of the 2024 BID Board members is included as Appendix E.

The Board is responsible for the management of the Business Improvement District. Responsibilities of the Board include implementing the Operating Plan and preparing annual reports on the District. The Board will also annually consider and make changes to the Operating Plan and submit the Operating Plan and Budget to the Common Council for approval.

RELATIONSHIP TO DOWNTOWN PLANNING

Creation of the Business Improvement District promotes the orderly development of the municipality by implementing recommendations of the City Comprehensive Plan, Downtown Action Plan and Imagine Oshkosh that contain various elements related to downtown design and development with prominent focus on beautification in BID areas as well as the promotion of downtown tourism. In 2000, the Common Council adopted the Downtown Action Plan, which contains various elements related to downtown design and development with prominent focus on redevelopment and beautification in BID areas. In November of 2017, the Common Council adopted *Imagine Oshkosh, A Master Plan for our Center City*. Imagine Oshkosh is an update and expansion to the Downtown Action Plan and serves as a policy guide and action framework for the center city which includes the BID. The Downtown Oshkosh Business Improvement District is consistent with and critical to the continued successful implementation of these downtown plans. The BID enables the private sector to undertake promotion, management, marketing and other programs essential to a prosperous downtown.

DOWNTOWN OSHKOSH BID ASSESSMENT METHOD

The Downtown Oshkosh Business Improvement District special assessment method utilizes assessed value information and property street footage data, both of which are available from the City Assessor's Office. As the absolute values of assessed value and footage cannot be combined, the values are calculated as a percentage of the total assessed value and a percentage of the street footage. The two percentages are added together, then divided by 200 percent, which results in a proportionate value of the total district.

In 2019, the BID increased the minimum special assessment from \$400.00 to \$420.00 and the maximum special assessment from \$8,000.00 to \$8,400.00, representing a 5% increase. The 2024 minimum and maximum assessments will not be increased, staying at \$420.00 & \$8,400.00, respectively.

Properties with a proportionate value between 0.0000% and 0.2486% are assessed the minimum special assessment of \$420.00.

Properties with a proportionate value greater than 5.7100% are assessed the maximum special assessment of \$8,400.00.

For properties with a proportionate value between 0.2487% and 5.7099% - The property's proportionate value is multiplied by \$1,633.5862, resulting in the special assessment for the property.

Example: 101 Algoma Boulevard has a Proportionate Value of 0.330955%. When multiplied by \$1,633.5862, the special assessment is \$540.64.
($0.330955\% \times \$1,633.5862 = \540.64)

The raw data, assessment calculations and proposed District assessment for each property in the Downtown Oshkosh Business Improvement District are presented in Appendix B. The data for the assessment method have been obtained from the files of the City Assessor and are subject to final tabulation by the City. To account for street front footages, the frontage of the property's primary address as identified by the City Assessor is used. Properties with more than one street frontage are not combined.

Only property used for commercial and manufacturing purposes, including real property used exclusively for manufacturing purposes, in the District will be assessed. Real property used exclusively for residential (single and two-family) purposes will not be assessed.

Board members shall be confirmed by the local legislative body and shall serve staggered terms designated by the local legislative body. The board shall have at least 5 members. A majority of board members shall own or occupy real property in the business improvement district.

- (b)** The board shall annually consider and may make changes to the operating plan, which may include termination of the plan, for its business improvement district. The board shall then submit the operating plan to the local legislative body for its approval. If the local legislative body disapproves the operating plan, the board shall consider and may make changes to the operating plan and may continue to resubmit the operating plan until local legislative body approval is obtained. Any change to the special assessment method applicable to the business improvement district shall be approved by the local legislative body.
- (c)** The board shall prepare and make available to the public annual reports describing the current status of the business improvement district, including expenditures and revenues. The report shall include one of the following:
- 1.** If the cash balance in the segregated account described under sub. (4) equaled or exceeded \$300,000 at any time during the period covered by the report, the municipality shall obtain an independent certified audit of the implementation of the operating plan.
 - 2.** If the cash balance in the segregated account described under sub. (4) was less than \$300,000 at all times during the period covered by the report, the municipality shall obtain a reviewed financial statement for the most recently completed fiscal year. The statement shall be prepared in accordance with generally accepted accounting principles and include a review of the financial statement by an independent certified public accountant.
- (cg)** For calendar years beginning after December 31, 2018, the dollar amount at which a municipality is required to obtain an independent certified audit under par. Each amount that is revised under this paragraph shall be rounded to the nearest multiple of \$10 if the revised amount is not a multiple of \$10 or, if the revised amount is a multiple of \$5, such an amount shall be increased to the next higher multiple of \$10.
- (cr)** The municipality shall obtain an additional independent certified audit of the implementation of the operating plan upon termination of the business improvement district.

- (4)** All special assessments received from a business improvement district and all other appropriations by the municipality or other moneys received for the benefit of the business improvement district shall be placed in a segregated account in the municipal treasury. No disbursements from the account may be made except to reimburse the municipality for appropriations other than special assessments, to pay the costs of audits and reviewed financial statements required under sub. (3) (c), or on order of the board for the purpose of implementing the operating plan. On termination of the business improvement district by the municipality, all moneys collected by special assessment remaining in the account shall be disbursed to the owners of specially assessed property in the business improvement district, in the same proportion as the last collected special assessment.
- (4g)** A municipality may convert a business improvement district under this section into a neighborhood improvement district under s. 66.1110 if an owner of real property that is subject to general real estate taxes, that is used exclusively for residential purposes, and that is located in the business improvement district petitions the municipality for the conversion. If the municipality approves the petition, the board shall consider and may make changes to the operating plan under s. 66.1110 (4) (b).
- (4m)** A municipality shall terminate a business improvement district if the owners of property assessed under the operating plan having a valuation equal to more than 50 percent of the valuation of all property assessed under the operating plan, using the method of valuation specified in the operating plan, or the owners of property assessed under the operating plan having an assessed valuation equal to more than 50 percent of the assessed valuation of all property assessed under the operating plan, file a petition with the planning commission requesting termination of the business improvement district, subject to all of the following conditions:
- (a)** A petition may not be filed under this subsection earlier than one year after the date the municipality first adopts the operating plan for the business improvement district.
 - (b)** On and after the date a petition is filed under this subsection, neither the board nor the municipality may enter into any new obligations by contract or otherwise to implement the operating plan until the expiration of 30 days after the date of hearing under par. (c) and unless the business improvement district is not terminated under par. (e).
 - (c)** Within 30 days after the filing of a petition under this subsection, the planning commission shall hold a public hearing on the proposed termination. Before publication, a copy of the notice together with a copy of the operating plan and a copy of a detail map showing the boundaries of the business improvement district shall be sent by certified mail to all owners of real property within the business improvement district. The notice shall state the boundaries of the business improvement district and shall indicate that copies of the operating plan are available from the planning commission on request.

(c), every owner of property assessed under the operating plan may send written notice to the planning commission indicating, if the owner signed a petition under this subsection, that the owner retracts the owner's request to terminate the business improvement district, or, if the owner did not sign the petition, that the owner requests termination of the business improvement district.
 - (e)** If after the expiration of 30 days after the date of hearing under par. (c), by petition under this subsection or subsequent notification under par. (d), and after subtracting any retractions under par. (d), the owners of property assessed under the operating plan having a valuation equal to more than 50 percent of the valuation of all property assessed under the operating plan, using the method of valuation specified in the operating plan, or the owners of property assessed under the operating plan having an assessed valuation equal to more than 50 percent of the assessed valuation of all property assessed under the operating plan, have requested the termination of the business improvement district, the municipality shall terminate the business improvement district on the date that the obligation with the latest completion date entered into to implement the operating plan expires.

- (a) Real property used exclusively for residential purposes and real property that is exempted from general property taxes under s. 70.11 may not be specially assessed for purposes of this section.
- (b) A municipality may terminate a business improvement district at any time.

Re: Downtown Oshkosh Business Improvement District – 2024 Operating Plan

Dear Ms. Nieforth:

I have reviewed the proposed 2024 operating plan submitted by the Downtown Oshkosh Business Improvement District (BID), specifically with regard to the requirements set forth in Section 66.1109(1)(f) Wis. Stats., which calls for a legal opinion that certain requirements are met in the operating plan.

The operating plan includes a provision indicating the special assessment method applicable to the BID. Real property used exclusively for manufacturing purposes will be assessed under the plan. A description of the kind, number, and location of the proposed expenditures within the BID is included as well as a description of the methods of financing to be used. The Plan specifies that all costs will be incurred during calendar year 2024. Finally, the operating plan contains the required description of how the BID promotes the orderly development of the municipality, including its relationship to the City's Comprehensive Plan, Downtown Action Plan and Imagine Oshkosh Plan. It is, therefore, my opinion that requirements of Section 66.1109(1)(f) have been complied with.

Yours truly,
CITY OF OSHKOSH
